New Development

MRC Newsletter 2nd Quarter 2006

MRC have teamed-up with SourceCode Technology Holdings, Inc (A US based Microsoft Tier One Partner). We have integrated our MRC HR Podium V3.5 with their K2 Workflow engine (Website - www.k2workflow.com).

Thus our product now includes:

- MRC HR Podium V3.5 as a core system
- Microsoft SharePoint – Interface for web enable solution
- K2 Portal / Microsoft Workflow Foundation – Engine for Workflow
- SQ2005 reporting services, analysis services and data mining – additional report engine

The implementation of the first installation started in April 2006. The project is now at the UAT stage. We estimated that the implementation would be completed by end of July 2006.

After successfully integrating our HRMS with other software leaders in the market, MRC is now ready and fully equipped to implement large scale, such as regional or global HR projects.

Activities Review

Staff Gathering

In order to strengthen our teamwork to improve our operation efficiency and providing a break to our staff, a gathering was held on June 24 – June 25 in Shengzeng. Over 90% of our staff joined the event. We all enjoyed a healthy and releasing SPA / massage, good food, majong games and watching World Soccer matches.

During this event, we also celebrated Yannie Kong on her 5th anniversary with MRC. We also thanked all staff having been staying with MRC for a long period. This includes 2 staffs have with MRC for over 15 years, 2 staffs for over 10 years and 9 staffs for over 5 years.
